28TH ANNUAL REVIEW MEETING (ARM) OF THE HEALTH SECTOR

ጤና ሚኒስቴር - ኢትዮጵያ
MINISTRY OF HEALTH - ETHIOPIA

The Ministry of Health (MOH) organizes the health sector's Annual Review Meeting (ARM) following the end of every Fiscal year. The event brings stakeholders together to share their best experiences, celebrate successes, plan the sector's future, and set priorities. Accordingly, preparations to hold the 28th ARM are underway.

The Strategic Affairs Executive Office (SAEO) of MOH publishes a yearly **Special Bulletin** of three categories of articles: **research**, **best practice**, and **new initiative** articles to present evidence on the health sector's salient successes and challenges over the fiscal year and beyond. The editorial board of the 28th ARM Special Bulletin invites researchers, implementers, academicians, program people, and policymakers to submit articles on the areas mentioned above.

The first Health Sector Medium-term Development and Investment Plan (HSDIP I) period has already concluded, and preparations are underway for HSDIP II. Hence, articles related to best practices, success stories, and other aspects of the HSDIP's goals, objectives, and key results are expected to be disseminated to ARM audiences and beyond.
